

Tomáš Heřman

 **Address** Zurich,
Switzerland

 **Birthday** 21st February 1989

 **Nationality** Czech

 **Phone** +420 728 466 416
+410 778 09 51 34

 **Email** tomas.herman@gmail.com

 **GitHub** github.com/tomasherman

 **Languages** Czech: *Native*
English: *Fluent*

Open source

datadog4s Monitoring library for Cats-Effect based scala application.

Employment History

Aug 2021 - Present [Avast Software, Prague & Zurich](#)

Senior Software/Data engineer

Single contributor in a Big Data team. I was tasked with making various improvements to many of the existing components. Most notably, I participated on migration and modernisation of on-prem big data solution to GCP. In addition to programming and redesigning of old services, this included a lot of Ops work (setup of terraform, GKE, monitoring & alerting).

Technologies: Scala, Java, Kafka, Kubernetes, GCP, Terraform

Aug 2019- Aug 2021 [Avast Software, Prague](#)

Team Lead, Senior Software engineer

Promoted to lead a team of 3 (and later 6) backend-developers at [Omni project](#). In addition to Team Lead duties (1 on 1s, Sprint plannings, hiring (for my and other teams)), I also spent a lot of time talking to Product about new features, improvements and ideas. I helped design said features and make sure they get implemented on time and in adequate quality. I took care about making sure that estimates are realistic and what we commit to is feasible and relevant.

Technologies: Scala, Cassandra, Kafka, RabbitMQ, Netty, Http4s, cats-effect, Netty, Kubernetes, Helm, AWS, Terraform

Mar 2016 - Aug 2019 [Avast Software, Prague](#)

Software Engineer

I worked on various services related to Avast AntiVirus and other supporting systems. In addition to coding, I played a big role in introducing Functional Programming (in Scala) to other engineers. I (with few others) prepared many talks, libraries, workshops etc.

Some interesting projects I worked on:

- DNS proxy written in Netty & Scala
- System for scanning Android APKs for Avast partners
- High throughput, highly cost-sensitive websocket server for [Avast Omni](#) project

Technologies: See Above

- 2014 - Feb 2016** [Golem Trading for Wikidi, Prague, Czech Republic](#)
Software engineer
 I returned to Wikidi to work in a very small team on Golem trading platform. I worked on *Trader* app which made decision about trading and I also wrote an UI for the founder/thought leader to watch/control what the trader is doing. Eventually, I became the lead for the platform.
Technologies: Java, Kotlin, [FIX](#), ReactJS, Python
- 2013 - 2014** [Spinoco, Prague, Czech Republic](#)
Solution Designer
 Worked as a full-stack (but mostly back-end) developer in a small team on a Telco app, which used very advanced Scala concepts/tools like scalaz-streams or ScalaJS. In addition to developer work I also had a chance to interact with clients and even attended a sales meeting.
Technologies: Scala(JS), Scalaz Streams (later evolved into FS2 streams), Scalaz, Play Framework, Cassandra
- 2012 - 2013** [Magic Table project for Wikidi, Prague, Czech Republic](#)
Developer
 I was the sole developer on the project (lead by [the founder](#)). I was responsible for web-crawling, data processing pipeline, applying machine learning libraries and basically everything else.
Technologies: Python, R

Education

- 2008-2012** BCs. in Intelligent Systems - [Czech Technical University, Prague](#)
 As a final project I wrote MineCraft server in Scala and Akka

Software Engineering Skills

- **Programming Languages**
Scala - Lot of experience with Typelevel stack (http4s, cats-effect, etc)=
Java - Used in past and at University
Python - Used in past and for ad-hoc scripts etc.
- **Operations and Cloud**
Kubernetes, Helm - maintenance and development of helm/kubernetes services
AWS, GCP, Terraform, Spinnaker - as a user, not as administrator
Grafana, Datadog, Icinga, VictorOps - as a user, not as administrator
- **Others**
Git, Bash
Cassandra, Kafka, RabbitMQ, SQL Databases
TeamCity

Interests

- Running, hiking, weight-lifting
- (Teaching) Rock climbing - 5+ years of teaching experience as an instructor
- Investing and finance
